

## Madison Dance Academy Referral Program

We welcome referrals to our studio and truly appreciate each and every one of them. Below are the guidelines concerning all referrals to Madison Dance Academy.

1. New families registering with the studio must indicate on their registration form at the time of registration the name of the referring family. If the new family is registering online through our website they must email the accounts manager at [madisondanceacademy.accounts@yahoo.com](mailto:madisondanceacademy.accounts@yahoo.com) within 48hours of registering online to receive the referral incentive.
2. Upon registering for classes in the studio, by mail or online the new family and the referring family will receive credit for one recital costume per family. If the new family registers for a combo class the amount will be \$75.00, if they register for a regular class the credit will be in the amount of \$65.00. This is regardless of the number of children enrolling in classes. For example if the new family has 3 children signing up for classes only one costume will be given to the new family as well as to the referring family.
3. If the new family or the referring family decide not to perform in the recital and they do not purchase a costume through the studio the credit will be subtracted from their account. The incentive can only be used towards costumes it cannot be used towards dance tuition or other fees.
4. The referral program is only available to new families enrolling in classes, the families must not have danced at MDA in the past as well as other children of the new family cannot have danced at the studio.
5. The referring family must have children enrolled in classes at MDA in the current year and must be current on all dance fees.
